

The logo features a large white letter 'D' with a black silhouette of a person's head and shoulders inside it. To the right of the 'D' is a red triangle pointing to the left. Below this graphic, the word 'SCAN' is written in a bold, red, sans-serif font.

D SCAN

**mobile dimensions
scanning**

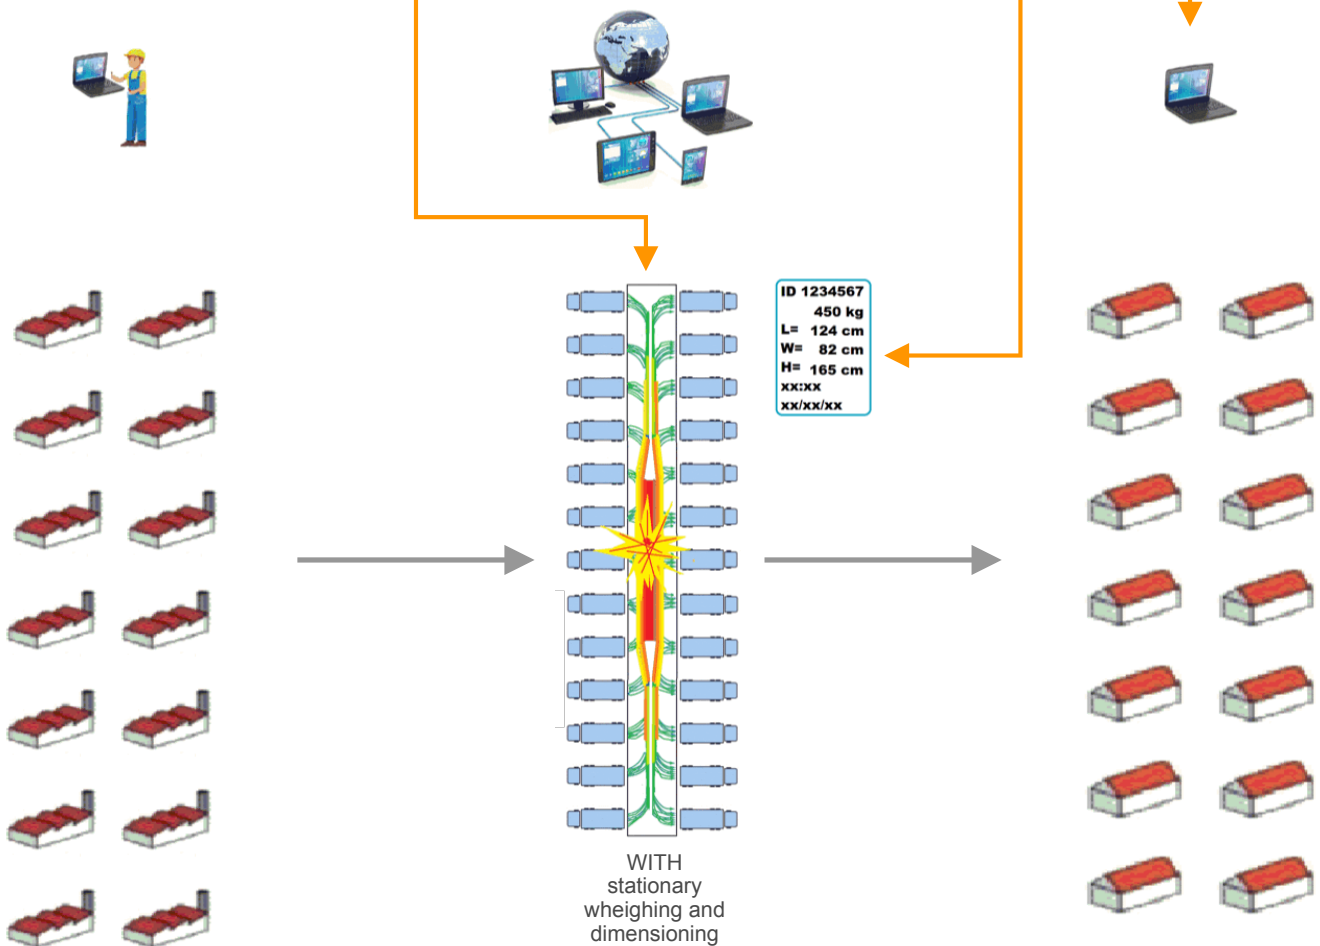

LTL Freight Concept

Now:

- shipping customers will enter manually and manipulate data available after Cross-Docking process
- cross-docking process Less efficient!
- receiving customers have less reliable information

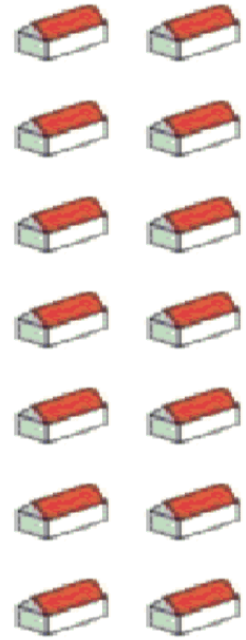

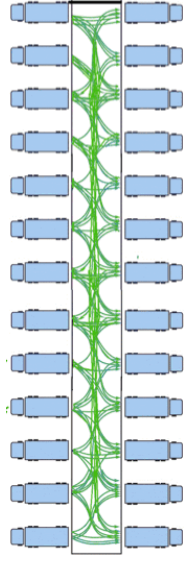

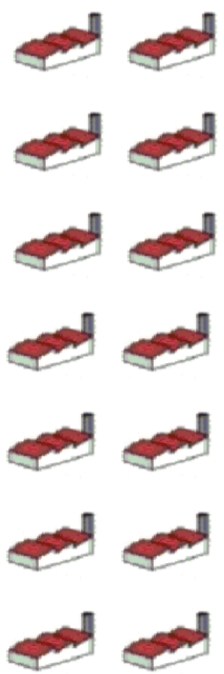

LTL Freight Concept

Tomorrow

- shipping customers use mobile dimensioning scanners. Data can NOT be manipulated
- data available at beginning of Cross-Docking process
 - allows freight companies to plan faster more efficient less problems less errors
 - receiving customers more reliable information and more earlier

WITHOUT stationary weighing and dimensioning
